SUPERSTITION BECOMES SUPER PERFORMANCE

It began as a simple request for good luck and ended up becoming a symbol for something even more magical: track records and race victories from Alfa Romeo and the drivers who campaigned them. When Ugo Sivocci won the Targa Florio in 1923, his four-leaf clover crossed the line before he did. Since then, the Quadrifoglio has accompanied Alfa Romeo at its most legendary victories: from the P2 at the World Championship in 1925 to the Formula 1 World Championship with the “Alfetta” Tipo 158 and Tipo 159 in 1950 and 1951, respectively. It stands as evidence of the kind of luck you can build when you take performance and engineering as seriously as Alfa Romeo does.

SEE THE ROAD IN A WHOLE NEW LIGHT

When the brand first began carving its legend on road courses 106 years ago, it did so in an era when a driver and riding mechanic were both on board. Today’s Giulia Quadrifoglio carries an intelligent soul of the most modern kind: the Chassis Domain Control, which ensures optimum assistance in all driving situations. To make of every road a brand new road. And a brand new experience.
The most powerful engine for road-use ever created by Alfa Romeo: an ultralight 6-cylinder all-aluminium BiTurbo gasoline engine delivering 375 kW, 600 Nm of torque between 2500 and 5000 rpm, launching the new Giulia from 0 to 100 km/h in 3.9 seconds up to a top speed of 307 km/h. Class-leading power combined with dynamic efficiency leads to excellence in consumption and emissions.

Thanks to the Alfa™ Cylinders’ Efficient Management (CEM) deactivation system – a result of Alfa Romeo engineering know-how – the new Giulia Quadrifoglio with manual transmission can cover 100 km with just 8.5 litres of fuel emitting only 198 g/km of CO2 (combined cycle), while the automatic version can cover 100 km with just 8.2 litres of fuel emitting only 189 g/km of CO2 (combined cycle).

The heart is a muscle.
It controls both the car and the emotions of its driver with equal ease. Designed
to deliver more than something ergonomically precise, the steering wheel of the
Giulia provides control of a unique driving experience from start to finish, the way
The steering wheel is wrapped in leather, the experience it delivers is wrapped in passion.
Alfa™ Active Torque Vectoring
Alfa™ Active Torque Vectoring guarantees optimal distribution on the two half–axles thanks to the two electronically controlled clutches. It gives better traction and control even at high speeds and on all types of road surfaces.

Alfa™ Active Suspension
Alfa™ Active Suspension dynamically adapts its response depending on the road surface conditions and the mode selected with Alfa™ DNA Pro. It gives better traction and control even at high speeds and on all types of road surfaces.

Alfa™ DNA Pro
The Alfa™ DNA Pro, thanks to the interaction with the AVM™ Chassis Domain Control (CDC), instantaneously adapts the car behavior to the selected driving mode:
• RACE activates the overboost function and enhances the exhaust sound for sport track driving
• DYNAMIC delivers sharper brake and steering–wheel response for sporty on–road driving
• NATURAL is a comfort suspension setting for a perfect balance in daily driving
• ADVANCED EFFICIENCY maximizes the engine energy savings and dynamic efficiency. Most suitable driving mode in case of low grip conditions.

7.39
the fastest lap ever by a four-door production vehicle at Nürburgring, one of the most demanding tracks in the world
The road was not built to be a cage. It’s time to take flight once again.
SHIFTING THE BALANCE OF POWER

The new Alfa Romeo Giulia Quadrifoglio is more than a showcase for the best power-to-weight ratio in its class—it’s a study in how to use that power. Its ideal 50:50 weight distribution creates optimal balance and showcases the advantage of a rear-wheel-drive system in a front-engined vehicle. By pairing rear-wheel drive with the Giulia Quadrifoglio’s front-mounted, all-aluminium 6-cylinder engine, the Alfa Romeo engineering team was able to carefully distribute weight throughout the chassis. A body in high-strength steel, fenders and doors in aluminium, a carbon fiber hood and roof, and aerodynamic appendages and driveshaft work in conjunction with all-aluminium suspensions to create motoring’s perfect balance.

Exclusive Alfa™ Active Aero Splitter

The new Giulia Quadrifoglio is the only car in its class with an Alfa™ Active Aero Splitter. This adjustable carbon fiber spoiler is integrated into the front lower fascia and automatically adjusted to improve aerodynamics and downforce to optimize the grip and stability at any speed.

WHERE POLISH MEETS POISE
Even the greatest films are strengthened by a score: the Giulia Quadrifoglio features an audio system designed to complement a highly tuned driving experience. The 900 watts of power channelled to 14 speakers (including two surround sound speakers and one subwoofer) serve as proof that Alfa Romeo takes the notes from its system as seriously as the glorious ones from its engine.

**A SOUNDTRACK FOR THE STREET**

**THE SOUND OF REBIRTH**

The Sound Of Rebirth

---

**THE MEASURE OF PLEASURE**

Sporty attitude is in the detail. Leather and Alcantara®, contrasting stitching and absolute accuracy from every point of view: the seats of the new Alfa Romeo Giulia match the expectations of the most demanding driver. Giving every driver a passionate and full immersion in the driving experience.

**DASHBOARDS**

- **The Carbonshell Sport Seats by Sparco** are not only the lightest in their class, they are perhaps the most purposeful. Their purpose is to provide comfort and control for the driver and occupants.

**DASHBOARDS**

- Carbonshell Sport Seats by Sparco (optional) (60A)
- Black leather wrapped dashboard with black stitching (514)
- Black leather wrapped dashboard with black stitching (514)
- Black leather wrapped dashboard with green/white stitching (513)
- Two tone black/red leather wrapped dashboard with green/white stitching (512)
- Two tone black/red leather wrapped dashboard with red stitching (511)
There’s something inherently Shakespearean about the Giulia Quadrifoglio; it’s as passionate as Romeo and Juliet... but has been created free of any unnecessary drama. The design approach is equally sensual and purposeful. The details reflect an understanding of every interaction between driver, passerby and all who come into contact with the beauty of Alfa Romeo.

STANDARD CONTENTS

EXTERIOR
- 19” lightweight aluminium wheels
- Aluminium brake calipers (black painted)
- Bi-Xenon 35W headlights + AFS
- Headlight washers
- LED DRL
- LED tail & brake lights
- Specific 4-way exhaust tip
- Quadrifoglio badge
- Black gloss DLO

SOUND SYSTEM
- Sound system by Harman/Kardon (8PJ)
  - 900 W premium audio system with 14 speakers
  - Including two surround sound speakers and one subwoofer
- Ambient lighting

POWER SEATS PACK (8M9)
- 8-way power heated front seats
- Heated steering wheel

INTERIOR
- Leather/Alcantara® 6-way manual front seats
- 7” TFT colour cluster display
- Interior ambient lighting
- Carbon fiber inserts on dashboard, central tunnel and door panels
- Leather wrapped dashboard and door panels
- Specific door sill scuff plates

TECHNOLOGY
- Alfa™ Active Aero
- Alfa™ DNA Pro (with Race Mode)
- Uconnect 8.4” infotainment system (radio, Mp3, navigation, aux-in, Bluetooth®)
- 8 speaker audio system
- Alfa™ Rotary Pad
- Alfa™ Active Suspension
- Alfa™ Chassis Domain Control (CDC)
- Alfa™ Active T orque Vectoring
- Alfa™ Cylinders’ Efficient Management (CEM)
- Start & Stop system

SAFETY
- Forward Collision Warning (FCW)
- Autonomous Emergency Brake (AEB) with pedestrian detection
- Blind Spot Monitoring (BSM) with rear cross-path detection
- Lane Departure Warning (LDW)
- Tyre inflation kit
- Lane Departure Warning (LDW)

OPTIONAL PACK
- Painted calipers (red, yellow) (4TA & 58I)
- Leather/Alcantara® steering wheel with carbon fiber inserts (5ZK)
- Carbon-ceramic brake disks (BRM)
- Carbonshell sport seats by Sparco (6OA)
- Smoking kit (989)
- Adaptive Cruise Control

PACK
- Sound Theatre by Harman/Kardon (8PJ)
- 900 W premium audio system with 14 speakers
- Including two surround sound speakers and one subwoofer
- Power Seats Pack (8M9)
- Painted calipers (red, yellow) (4TA & 58I)
- Carbon-ceramic brake disks (BRM)
- Carbonshell sport seats by Sparco (6OA)
- Smoking kit (989)
